

## ULU CLIFFHOUSE – BALI’S BREATHTAKING EXPERIENCE ON THE CLIFFS OF ULUWATU

Ulu Cliffhouse is a cliff-top oasis that has redefined the Bali beach club scene with world-class food and beverage offerings led by Chef Diego Muñoz, a cliff edge ocean deck and creative residence for music artists.

With direct access to the beach, Ulu Cliffhouse’s clifftop playground showcases a 25-metre infinity pool, a resort and lifestyle concept store by Kiosk Collective, an art space and world-class food and drinks served from an open air restaurant and cliff side ocean deck hanging provocatively over the waves. Ulu Cliffhouse has become the destination beach club in Bali with an enviable line-up of special and regular events.

Commanding jaw-dropping views of the ocean, Ulu Cliffhouse represents a lifestyle, quickly becoming home to Bali’s creative crowd, as well as being a space for wunderlusters to unwind or let loose. Designed by Shed London and Bali’s Design Assembly, the beach club enhances its raw environment with modern edges, effortless chic and youthful cheek.

## RESTAURANT

Headed by world-renowned Peruvian Chef Diego Muñoz, who led Astrid & Gaston to #14 in The World's 50 Best Restaurants List and is now a free-rider chef, Ulu Cliffhouse's culinary offering aims to go beyond the typical beach club menu by incorporating both the influences of Diego's travels around the world and Bali's local environment.

The fresh, fun and locally sourced offerings reflect Chef Diego's ability to integrate culturally diverse flavours, resulting in a menu that includes a raw bar showcasing his personal take on ceviches, tiraditos, and an array of other culinary delights – all created tastefully to complement Uluwatu's laidback lifestyle.

The restaurant and the bar, with a capacity of 80 and 100 respectively, are housed in timber and rattan pavilions that provide soft, dappled shade and tiered dining with an unparalleled view of the Indian Ocean. Against the backdrop of handcrafted furniture layered with bold tropical prints and soft pastel colours, guests unwind with taste sensations from Chef Diego's menu and two cantilevered terraces that flank the cliff edge with shaded sun loungers.

## BAR AND THE POOL

For poolside gazing and serious people watching, the centerpiece of Ulu Cliffhouse's upper level is the 25m infinity pool. With a capacity of over 300 and clean lines, geometric motifs and pastel furniture, revelers are invited to bask in loungers arranged pool-side, with hammocks strung between palms and beds of lush greenery.

After taking a dip in Ulu Cliffhouse's pool, thirsty guests can select from a formidable menu of beverages. Ulu Cliffhouse's drink makers have spared no expense to ensure every tittle satisfies both casual drinkers and aficionados. Guests can choose from in-house cold pressed juices including local herbs and vegetables, body tonics, kombucha and Jamu made locally in the Bukit peninsula - there is something for everyone.

## OCEAN DECK

Tucked out of sight is the jewel of Ulu Cliffhouse - the ocean deck, half way down the cliff-face and accessible via a winding stairway. Perched above the ocean, the bar has a capacity of 100 and offers a secret hideaway where guests can sip on tiki-style cocktails as they revel in the best sundowner the island has to offer. When the tide is low, patrons have access to bar's very own private beach cove where the turquoise sea meets a fine, sandy shoreline.

## MUSIC AND ENTERTAINMENT

Music plays a key role at Ulu Cliffhouse, blending varying elements into a cohesive theme. The dynamic music team brings together Bali's most experienced and eclectic DJs - curating a custom soundtrack that provides daytime vibes to upbeat tunes for a spectacular sundown. Ulu Cliffhouse also features a rotating art space and lifestyle boutique.
